Famous Bond Case Decided. DUBUQUE, Ia., July 10.-Federal Judge hiras has decided the famous Lyon county, owa, bond case. The Aetna Life Insurance pany sued to recover bonds amounting \$120,000 issued by Lyon county in 1885. The county's defense was that the bonds because the amount exceeded the institutional limitation of 5 per cent. of the value of taxable property of the county. The court finds \$29,636 can be enforced without exceeding the limitation and decrees the bondholders entitled to that amount,

Special to the Indianapolis Journal. ST. PAUL, Minn., July 10 .- Yesterday it was Foreman; to-day it was Dammann. They all look alike to the Saints, who have experienced a reversal of form, which the local fans hope is permanent. Dammann was good in the middle of the game. At both ends he was an easy proposition and the support accorded him was not what might be called gilt-edged. From the fourth to the eighth, inclusive, he let the Saints down with two singles. Fisher was in splendid form, except in the eighth, when Burke started the fireworks by turning his back on an easy fly, which he lost in the is every reason to think the Columbus sun, giving Hogriever three bases. Report on Insolvent Cicero Firm. Philip Hildebrand, trustee for the insolvent firm of Beals & Orr, of Cicero, Ind., yesterday filed his final report, in compliance with an order of the Superior Court. The assignment was made by the firm Sept. 14, 1896, since which time two current reports were made by the trustee, the first one in March and the other in April of this year. Since that time complaint was made by Knight & Jillson, of this city, that the affairs of the firm were not being wound up as satisfactorily as they should have been, and a demand was made for a final report of the trustee. Since the assignment the business of the firm has been left in the hands of the assignors. The report shows that the receipts have been \$10,259.20 and the in the form of uncollected notes and accounts an aggregate of \$2,240.10, while the outstanding liabilities amount to \$6,500.

Caring for Criminal Insane. The members of the State Board of Charities have returned from a visit to the State Prison, at Michigan City. The particular attention of the board was given to the care of the criminal insane. The last Legis-

lature appropriated \$1,500 for the tempo-

rary care of the criminal insane, and the

authorities have been fixing up a place in the basement of the hospital building where they may be kept. It is expected to employ competent attendants with the money available from the appropriation. This is the best arrangement that can be made at present and with the small appropriation made, and it was approved by the state board. Board of Review Out Driving. The members of the County Board of Review spent yesterday in looking over property in different parts of the city where protests had been made against the appraisement figures fixed by Township Assessor Saulcy. Nearly every neighborhood in the city was visited most of the time being spent in the suburbs, where some property owners say that, although the as-

President John B. Mitchell, of the United Mine Workers, returned to this city from visit to the recently pacified districts of Kansas and Arkansas. As soon as he arrived, his attention was called to the effort of the operators in the Indian Territory to have the secretary of the interior eject those members of the United Mine Workers who are now on strike in the Territory, on the ground that they are trespassers. President Mitchell telegraphed to the secretary of the interior and he will send a representative to the Territory to collect evidence.

Closed Carriage for the Insane. Sheriff Clark has a new surrey, which can be completely closed, in which to transfer the insane to the hospital. The purchase was made to prevent such unfortunate incidents as resulted a few weeks ago at the time of ex-Judge Buskirk's removal

hurt in a bicycle collision and would be un-A Rumor as to the Lake Shore Set at Rest-Harry Crawford's

> The State Board of Tax Commissioners met yesterday morning and organized. The cath of office was administered by Lee G. Rothschild, and Alva O. Reser, of Lafayette, was chosen as stenographer. The only plea heard was that of Dr. Henry Moore, who represented the Chicago & Southeastern Railway Company. This road is well known as "Harry Crawford's road," and Mr. Moore thought the assessment of \$5,000 a mile should be reduced to \$4,000. He said the road is not a part of any large system, and it does not feed any system, nor does it receive traffic from any system. He said his road anticipated a business when it would be necessary to haul coal into the cities which are now supplied by natural gas, but he thought the present assessment is too high for the business of the road. Mr. Moore stated that no one who ever goes over the road once as a passenger travels over it again. After hearing Mr. Moore the board went into executive sesssion and adjourned until 10 o'clock this morning, when it is understood W. H. H. Miller will appear for the Nickel-plate road. The board authorized the attorney gen-

eral to employ an attorney to look after the Gaff estate in Dearborn county, and also to look after the interests of the State regarding building and loan associations. The Gaff estate is one in which it is claimed that taxes have not been paid for some years, and it is estimated that the amount due will reach at least \$35,000. It is understood that Oscar Montgomery, of Seymour, will be appointed. Reports have been current during the last few days that the Lake Shore & Michigan Southern road had been evading taxes in the last few years, reporting only six miles of main track in Noble county and listing the remainder of its track in Indiana as siding, thus avoiding paying taxes on main track, the assessment for which is much higher. Auditor Hart put these rumors a rest yesterday by showing the assessment of the road last year. It was assessed on 152.94 miles of main track, at \$40,500, and on 151.14 miles of second main track, at \$10,000 a mile, besides 92.42 miles of side track, at

\$4,000 a mile. On top of this the rolling stock was assessed at \$6,000 a mile for the entire length of the road in the State and on the improvements to the right of way a valuation of \$148,810 was placed. This made a total valuation of \$9,149,600, or an average of \$59,824 a mile. O. G. Getzendanner, of Cleveland, assistant general counsel of the road, will appear before the board on
